Special Events For the Ladies At Palos Verdes

Judging by the attendance at the last invitational mixed foursome, when more than 50 entrants representing eight of the SCGA clubs, took part, there will be a notable flight at the August mixed foursome on Sunday afternoon, August 6, says Garry Bennett, golf pro at the Palos Verdes golf course.

Some of the ladies who entered last month had handicaps of only one figure, which made the play interesting and close. Many of these fair golfers will return for the coming date and many others no doubt will join in the afternoon play, especially since the ladies have learned that they can always enjoy a cool round of golf at this course, where the ocean breezes are always blowing and there is a crispness to the air that makes a sweater coat almost necessary. Entrance fees to the foursome are very low, and there are no green fees. Ladies who have no partners will be supplied from the club, says Bennett. Play is open to any members of the Southern California Golf Association clubs.

Girls' Bicycle Race At Elks Barbecue

Fifty dollars in cash prizes will be given to the winners of the girls' bicycle race at the Redondo Elks barbecue to be held in Redondo Beach, Saturday, August 5. Girls over 15 years of age are eligible to compete. The course is over a paved highway for a distance of a mile and a half.

In addition to the race, a bathing beauty parade will be one of the feature attractions at this affair, dancing during the afternoon at the Elks clubhouse and 30 acts of vaudeville during the afternoon and evening.

Ernie Nevers In Water Polo Meet At Palos Verdes

Ernie Nevers, football star and all-around athlete, will be seen in action tomorrow night at the Palos Verdes swimming club, in an unofficial swimming and water polo meet when the 1932 Olympic polo team meets the Los Angeles County Lifeguard team, with Nevers guarding the goal for the Lifeguards.

Six national swimming champions will be included in the line-ups. The meet starts at 8 o'clock, and the public is invited to look on.

Good Fishing At Lake Hemet

According to the touring department of the National Automobile Club, fishing is good at Lake Hemet, Riverside county, and several limits of rainbow trout have been taken during the last week. The water is lowering and is very clear. Fishermen report that the best success is had with angle worms, salmon eggs and chub minnows. Boats are available at reasonable rates.

Cycling To World's Fair

Although Herbert F. Powell is an aviation expert, he chose a bicycle when he decided to go to the Century of Progress Exposition, and Mrs. Powell agreed that was the proper method of transportation. The Powells are seen leaving New York City for the trip to Chicago, which they intend to make in 21 days by riding 40 miles a day. They expect to arrive July 29. This trip is another bit of evidence of the bicycle's increasing popularity.

Pete Hargis Back In Bluebirds Line-up; Ray Robinson Released

Manager Spud Murphy will be through experimenting with the Bluebirds next Friday night. That does not mean that Spud is going to leave the Birds flat, however, but it means that Friday night is the last date, positively the last, that any changes can be made in the line-up of the various National League teams before the end of the season and the big play-off.

Robbie Robinson pitched his last game of the season for the Birds Monday night against Olive. Robbie replaced Pete Hargis some time back when Pete was offered a good job somewhere in the north and left the Birds early in the season. With Louie Neva handling the mound duty every week, Manager Murphy made no objections when Pete asked for leave of absence, with the understanding that he would return later in the season.

Pete's job in the north wound up this week and he will be back in a Bluebird uniform ready to take his turn at the pitching job regularly.

Red Moon, formerly with Whittier, but now working in Los Angeles, will be seen in the line-up Friday night at second base. Murphy is working Watson in the right garden for the present with either Vonderabre or Moon having the call for the keystone sack. Regular work there depends on which of them can turn in the best batting card, as either of the boys is capable of fielding the position in grand style.

No other changes are contemplated and this line-up, says Spud, will be the line-up that will be seen in the post-season play-off.

NINTH INNING RALLY SAVES LOCALS AS JELL-WELLS TIE

Fast, Tight Game Thrills Crowd At City Park Sunday; Score Wavers Through Nine Hectic Innings But Merchants Laugh Last

The Torrance Merchants topped the Jell Wells by one run Sunday, after a ninth-inning scare when the Jellies tied the score at 4-all. It looked like extra innings to break the deadlock, but a last minute rally on the part of the home boys shoved over the extra run and saved the day.

Davenport pitched for the locals, and yielded eight hits mingled with three bases on balls.

Ashew issued no passes but was nicked for 13 solid blows.

Davenport, the Venable brothers and Floyd Carpenter accounted for 10 of the Merchants' hits, while Davenport and S. Venable divided the scoring honors.

Owing to a traffic accident on the way to Torrance, the Jell Wells were minus some players who were unable to get to the field in time to take part in the game. Foster, a high school rookie, who had showed up to suit if needed by the Merchants, was loaned to the visitors and put up a good game at second base.

The Merchants are now tied with Venice for second place in the league, with the Coleman Brokers at the top. With six games yet to play the chances for the Torrance outfit to take part in the play-off series is bright, and a possible Southern California championship battle looms for the local team.

Torrance Midget Teams Win and Lose

Dale Riley's Kiwanis Juniors defeated the Long Beach All-Stars Monday night at the city park, 5-3, in a fast, exciting game that was featured by sensational fielding and batting. A big crowd of local fans turned out to watch the midget teams which are putting up a brand of ball that would do credit to older players.

At Long Beach the Flying A's took a 6-1 game from the Torrance Outlaws in a game that was hard fought in spite of the one-sided score. The Midget teams play tonight at the city ball park.

A. A. U. Checks Up On Amateur Performances

Warning Issued to Hi School Players to Keep Off Semi-pro Teams

Evidence of the close check-up to keep amateur sports pure and unclouded by any suspicion of professionalism, is contained in the article published below, which is sent out and sponsored by the board of managers of the Southern Pacific Association of the Amateur Athletic Union, for the benefit of ambitious youths who might be tempted to step over the line for the sake of the extra experience, and thus endanger their chances of continuing to take part in the sports of their respective schools.

Whether the attention of A. A. U. managers was called to the performance noted in this paper of a local player who made a phenomenal success in his first game with a semi-pro team, or whether the arrival of the article on the sports desk was a timely coincidence, is a point that could only be cleared up by the managers themselves, but a certain amount of lively conjecture will no doubt develop among the fans who have been agreeably surprised by the ability of the young player in question.

The article is as follows:

"Throughout Southern California an exceedingly rapid development is going on in the game of indoor or playground ball played on lighted fields at night. Dozens of leagues with several hundred teams are now playing the game.

There are some leagues in which the teams are openly professional. Pitchers and other star players are regularly paid. There are other leagues in which the amateur standing of the teams is clearly in question.

"High school and college boys and others who wish to maintain their amateur standing should be very sure of the amateur status of any team on which they play.

"In this connection Arnold Eddy, chairman of the A. A. U. registration committee in Southern California, calls attention to the following rule taken from page 54, rule 5, e-2, of the official A. A. U. Handbook and Rules for 1933:

"Amateurs become ineligible by participating in any public competition or exhibition as a member of a team upon which there are one or more members who have received, do receive or who are to receive directly or indirectly, pay or financial benefits for participating, without having obtained as a condition precedent the consent in writing thus to participate from the National Registration Committee, which, in the case of a college or high school student, may, with the consent and approval of the local registration committee, delegate authority to grant such consent, to the proper faculty authority of the university, college, or high school of which he is at the time of such participation a matriculated student, upon filing such consent with the National Registration Committee.

"SETH F. VAN PATTEN, President "Southern Pacific Assn. A. A. U."
